## **Grandparents As Guardians Thursday Nights at 6:00 p.m.**

The circumstances that draw grandparents into second parenthood today vary widely and include substance abuse; teen pregnancy; divorce; child abuse and neglect; mental illness and incarceration of a parent. Are you faced with this situation? If you are, there is help.

Family Solutions offers this group every Thursday night at our office.

## **Parenting Classes Thursday Nights at 7:15 p.m.**

Are you struggling with a child that is uncooperative, stubborn, disrespectful, obnoxious or even abusive towards you? Are you frustrated with arguing constantly?

All children behave badly from time to time but when hostility, defiance and refusal to comply are ongoing, the behavior affects the entire family.

Parents can learn new skills and ways of responding to children that will help all family members live happier and more productive lives.

Family Solutions offers a 10-week parenting course on Thursday nights.

**Immediate openings are available— Call to register today!**
